Sekolah Menengah Kebangsaan Jinjang (Presentation of Musical Instruments and Musical Performance)

Arranged by PP Chan Kam Fatt (aka Chairman of Chairmen), the club presented two musical instruments to SMK Jinjang where they will be used by the budding student orchestra called Sri Jinjang Orchesta. This donation was made possible through the generosity of Kam Fatt's sister who is a resident of Shanghai.

The two instruments are a Gu Zheng made from redwood and bearing auspicious bird motifs, and a Liu Ye Qin which has a shape similar to that of a mandolin. During his opening remarks PP Kam Fatt mentioned that SMK Jinjang is a co-ed national secondary school with an enrolment of more than 2,700 students, easily outnumbering more famous and older institutions in the country.

have a brass band and a Dikir Barat group. For its musical groups the school is slowly acquiring musical instruments and no doubt the two instruments are a welcome addition.

The musical performance included a popular Chinese love song that brought the proverbial tear to many a Chinese eye and had many members humming or drumming along. All the pieces performed by the student orchestra were executed with great accomplishment.

Heartening was also to witness that so many media representatives had accepted the club's invitation to this event. They came from Bernama, Star Metro, New Straits Times and Sin Jew Media.

RI NEWS

Foundation approves Future Vision’s First District Grant

(By Arnold R. Grahl – Rotary International News)

The Rotary Foundation has approved the first grant under the Future Vision pilot, set to begin on 1 July.

District 3330 (Thailand) will be using the US\$39,500 district grant to fund a variety of local projects, including buying books, computers, and sports equipment for schools; providing clean water for students; and adding patient beds at a hospital.

One of the projects will create a computer room at a primary school in Samut Prakan Province, giving 755 students access to computers and the Internet. Eight Rotary clubs in the province; a club in District 3350 (Cambodia; Thailand), not in the pilot; and a club in Korea are cooperating on the \$15,900 effort.

Another project will add beds to the province's main public hospital so it can serve an increasing number of patients.

"It is very exciting that we are the first grant approved," says Wichai Maneewacharakiet, the District 3330 Rotary

Foundation Committee chair. "We will encourage clubs to start working soon after receiving the grant funds. Our Rotarians are thrilled to learn more on the Future Vision Plan, as can be seen by the number of Rotarians who participated in a grant management seminar immediately after our district assembly."

One hundred districts are participating in the Future Vision pilot, a three-year test of the new grant structure offered in the Foundation's Future Vision Plan. The Foundation began accepting applications for district grants in mid-April and has received five. An application from District 1970 (Portugal) has also been approved, and three others are under review.

District grants, one of two types of grants under the Future Vision Plan, are block grants made to districts for up to 50 percent of their District Designated Fund. Pilot districts can apply for one

(Continued on page 5)

The Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST. The development of acquaintance as an opportunity for service;

SECOND. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

The Four-Way Test

Of the things we think, say or do:

- 1) Is it the TRUTH?
- 2) Is it FAIR to all concerned?
- 3) Will it build GOODWILL and BETTER FRIENDSHIPS?
- 4) Will it be BENEFICIAL to all concerned?

district grant a year, which may be used for a wide variety of activities, including projects with local clubs or clubs in other countries and with non-pilot districts.

Pilot districts submit a spending plan as part of the application process for district grants. All the activities included within District 3330's spending plan fall within an area of focus, even though they are not required to do so for a district grant.

Districts have until 15 May 2011 to apply for their 2010-11 district grant and receive payment during the Rotary year that ends 30 June 2011. Districts must submit a final report to the Foundation within 12 months of payment of the grant.
